#SVM model performance "actual" and "predicted returns" significantly differ from 2020 to 2021; the Actual returns did slightly better in 2018. The AB Strategy Returns performed better in 2019 -2022 and declined earlier in 2020, and trailed in 2021 but outperformed the Actual return at the end, but the Actual returns did better at the end of 2021 in the baseline model.
